

Ozone, an architectural hardware company, is establishing a new manufacturing facility in Rajasthan's Ghilot Industrial Region. The company intends to manufacture under the AatmaNirbhar Bharat initiative of the government. The 13-acre site will also include a world-class research and development centre.

Digital door locks, glass fittings, automated doors, electronic safes, demountable partition systems, framed shower sliding systems, and other Ozone products are available. With over 5000 goods, it hopes to meet worldwide demand and serve 40 nations.

It currently has four manufacturing units in Himachal Pradesh, as well as one in China, producing digital safes and rails.
