

Acrysil Limited, Asia's largest maker of "Quartz Kitchen Sinks" with German technology, has announced a 20 percent increase in production capacity in Bhavnagar, Gujarat.

As a result, the overall capacity will increase to 1.20 million sinks, up from the existing capacity of 1 million sinks.

The increase in manufacturing capacity is being made to fulfil the growing demand for Quartz Kitchen Sinks in both the domestic and global markets, according to the business.

Buildings, Moulds, Plant & Machinery, Utilities, and other relevant infrastructure are included in the projected Capital Expenditure of around Rs.20 Crores. By the end of Q2FY23, the project should be completed.
