

In the Madhya Pradesh district of Dhar, [Adani Green Energy Limited](#) has put into operation a 325 megawatt wind energy facility. Its operational generation capacity has increased to 6.1 gigawatts (GW) with the commissioning of this plant, according to a statement released by [Adani Green Energy Limited \(AGEL\)](#).

“[Adani Wind Energy MP One Private Ltd \(AWEMP1PL\)](#), a subsidiary of AGEL, has commissioned a 324.4 MW wind power plant in Dhar, Madhya Pradesh,” it said. The plant has two 25-year Power Purchase Agreements (PPAs) with Solar Energy Corporation of India (SECI), one for 274.4 MW energy and another for 50 MW power, at a tariff of Rs 2.83 per kwh (kilowatt hour).

The newly commissioned plant will be managed by the Adani Group’s ‘Energy Network Operation Centre’ platform, which provides technological assistance. In the statement, the company did not disclose any financial details of the project.
