

Adani Transmission inked a share purchase agreement with PFC Consulting for the purchase of its whole investment in Khavda-Bhuj Transmission.

The Khavda-Bhuj Transmission project consists of a 220 ckt km transmission line connecting Khavda and Bhuj pooling stations, as well as a 4,500 MVA, 765 kV Gas Insulated Substation at Khavda.

ATL's implementation of the project will help evacuate about 3 GW of renewable energy from Khavda, Gujarat, with an anticipated cost of more over Rs 1,200 Cr. One of the country's largest solar and wind farms will be shaped by this project.
