

Agro-processing company announces successful commissioning of maize processing project in West Bengal | 1

Gujarat Ambuja Exports Limited (GAEL) has successfully commissioned the production at its 1200TPD Maize Processing Greenfield Project located in Malda, West Bengal, as per the exchange filing on March 27, 2023. With this, the company has now reached a total of 4000TPD Maize processing capacity.

Prior to this, the company had signed a Memorandum of Understanding (MOU) with the Government of Gujarat to set up a 900 TPD Greenfield Corn Wet-Milling Plant at Himmatnagar, Gujarat.

GAEL, established in 1991, is involved in the manufacturing of Corn Starch Derivatives, Soya Derivatives, Feed Ingredients, Cotton Yarn, and Edible Oils. The company aims to provide services to the Food, Pharmaceutical, Feed, and other industries with a long-term growth strategy in the Agro-Processing sector.
