

[Asian Energy Services Limited](#), one of the leading service providers in the energy sector with a diverse service portfolio, has been awarded a four-year contract to operate and maintain Vedanta's Oil and Gas Processing Facility and Offshore Platforms in Cambay, Gujarat, with a one-year extension option.

In this deal, Asian will begin operations in April 2022.

Asian made the strategic decision in early 2019 to expand its services outside oil and gas, and has since acquired service contracts in coal exploration and mining.

Following its successful introduction into the coal mining industry, Asian's recent efforts have focused on improving its materials handling and operations and maintenance businesses while retaining its seismic possibilities.
