

Azad Engineering laid the foundationstone for an exclusive manufacturing plant for **Mitsubishi Heavy Industries of Japan** at Tunikibollaram close to Medchal (MHI).

According to Rakesh Chopdar, Managing Director of Azad Engineering, the company is investing

about \$ 20 million (about Rs 165 crore). The new building will have 11,800 square metres.

Azad and Mitsubishi's journey started about a decade ago with a few machines and progressed

to an exclusive bay in their current manufacturing unit. It has now entered a new dimension with

the forthcoming manufacturing facility being set up exclusively for MHI. The unit will be operational by mid-2024. It will be part of Azad Engineering's upcoming Centre for Excellence and Innovation Centre and will employ about

300 people.
