

BCL Industries Limited has stated that first plant testing at the 200 KLPD Ethanol facility of the Company's subsidiary, Svaksha Distillery Limited, has begun, with commercial production set to begin in the coming months before the end of the financial year 2021-22. The unit will be established without incurring any debt.

Furthermore, the Company's subsidiary has received in principle approval from the MoEF to increase capacity by 100 KLPD at the same location.

The Subsidiary has secured all of the necessary land and utilities for the expansion.
