

Northern Railway, Electrical Division, Jalandhar City, Punjab, has awarded an electrification project to BCPL Railway Infrastructure Limited.

This order has been received for the task of “Doubling between Ludhiana-Mullanpur including Ludhiana Yard Renovation over Firozpur Division” that entails the design, supply, erection, testing, and commissioning of a 25 KV OHE (69 Track Kilometer). The project will cost Rs. 236.64 million in total, and it would likely take 18 months to complete.

Commenting on the same, Aparesh Nandi, Chairman said, “We at BCPL Railway Infrastructure Limited are pleased to inform our stakeholders on our recent order intake under Northern Railway. The value of this order is Rs.236.64 million and we are quite optimistic about the pipeline of orders in the coming months and in near future also.”

“We, at BCPL, have offered our unparalleled services contributing towards connecting the different parts of the country and are confident to continue serving the Indian Railway sector in future. We are quite optimistic about similar projects to come on PAN India basis. There is a constant flow of railway work including modification, laying of new lines, addition of 4 lines in the existing railway tracks, increase in the speed of existing railway lines and we are optimistic that there will be no paucity of work flow in the near future.”
