

A number of factors suggest that Bengaluru's infrastructure will undergo a big change in 2023.

After years of delay, it is anticipated that the city's two major IT corridors, Whitefield and Electronics City, will be connected with metro services in 2023.

As part of Bangalore Metro Phase II, [Bangalore Metro Rail Corporation Limited](#) (BMRCL) intends to open up around 40 kilometres of track to the general public.

By the middle of 2023, two lines of the Bangalore Metro will be open to the public: the new Yellow Line from R V Road to Bommasandra and the enlarged Purple Line from Baiyappanahalli to Whitefield (15 km) (19 km).
