

A 110 megawatt (MW) solar energy facility has been put into operation at Bikaner, Rajasthan, by Tata Power Renewable Energy Limited (TPREL).

One of the main producers of renewable energy in the nation is TPREL, a Tata Power subsidiary.

“TPREL has commissioned a 110MW solar power project in Bikaner, Rajasthan. The project will supply 110 MW green power to the Kerala State Electricity Board (KSEB),” Tata Power said in a statement.

The project is expected to generate approximately 211 million units (MU) of green electricity and reduce 2,58,257 metric tonne (MT) carbon footprint annually.
