

Brilliant Polymers, the leading manufacturer of flexible packaging laminating adhesives in India, has opened a new factory and announced a 100 crore capacity expansion at its Ambernath, Maharashtra, facility.

Brilliant Polymers' manufacturing capacity will triple thanks to the new facility, which also represents a significant turning point in the company's continuous transformative growth journey.

Gaurav Talwar, Managing Director, **Brilliant Polymers** informs, "The capacity expansion comes at an opportune time as the flexible packaging industry continues to expand and the demand for our products remains high. With the completion of the second plant, Brilliant has further strengthened its position in the Indian and global markets. We are confident that our promise of technology, quality and service will continue to give us an edge".
