

Caplin Steriles is a leading pharmaceutical company specializing in the production of high-quality pharma products. The company is planning to establish a new manufacturing facility in Sirupuzhalpettai, Gummidipoondi, Tiruvallur, Tamil Nadu. The project involves the production of injectables (120.6 Lakhs Nos/M) and ophthalmic (45 Lakhs Nos/M) products. As of February 2023, the company has received consent from the state pollution control authorities to proceed with the establishment of the project. This new facility will expand the company's production capacity and allow it to meet the growing demand for its high-quality pharma products. The company's commitment to quality and sustainability is reflected in its efforts to obtain consent from the state pollution control authorities, ensuring that its operations are in line with environmental regulations.
