

Cera Sanitaryware Limited, located in Ahmedabad, plans to increase its sanitaryware and faucetware manufacturing capacity in two phases at a cost of about Rs 200 crore. The company's growth plans, which include a greenfield sanitaryware factory and a brownfield faucetware unit, received approval from the Board of Directors. Cera Sanitaryware Ltd. now produces 2.5 million pieces per year (mppa) of sanitaryware and 3 million pieces per annum (mmpa) of faucetware. According to the corporation, current capacity utilisation is between 90 and 100 percent.
