

Crown Pipes is a well-established company that specializes in the manufacture of high-quality plastic pipes and related products. With a focus on innovation and sustainability, Crown Pipes is constantly looking for ways to improve its offerings and provide the best possible products to its customers. With the new DWC pipes manufacturing project in Uruli Devachi, Pune, Maharashtra, the company is looking to expand its production capabilities and offer even more innovative products to the market. The project involves the manufacture of plastic processed goods such as DWC pipes, using virgin raw material with a capacity of 10000 Kg/M. The project is estimated to cost Rs.78.2 million, and as of February 2023, the company has received consent from the state pollution control authorities to establish the project. Crown Pipes is committed to providing its customers with the best possible products and services, and this new project is just one more step towards achieving that goal.
