

Maharashtra Deputy Chief Minister Devendra Fadnavis inaugurated the 310-bed Bharati Vidyapeeth Medicover Hospitals in Navi Mumbai. The hospital will provide world-class medical care to residents of Navi Mumbai and is a significant step forward for healthcare access in the city.

Former Maharashtra Chief Minister Prithviraj Chavan, Dr Vishwajeet Kadam, Karyvah and pro Vice Chancellor of Bharati Vidyapeeth, and Dr Shivaji Kadam, Kulpati were also in attendance, along with other dignitaries.

Anil Krishna, Chairman & Medical Director of Medicover Hospitals said, "There is a need for healthcare in this part of the city. The major goal behind launching a new hospital is to improve the healthcare available in this area. Each department has highly qualified staff dedicated to providing the best possible care to their patients. To ensure all individuals have access to good healthcare services, we have planned an outreach program to reach out to people from every corner, regardless of their geographical location or socio-economic status. Providing financial assistance for those who cannot afford health services can also help bridge gaps in care caused by inadequate resources or lack of insurance coverage. We aim to deliver affordable and excellent healthcare which we promised as a leading healthcare brand in this country for the last 7 years. We aim to make the homes of Mumbai, happier and healthier."
