

CONSISTENCY IN PERFORMAN

Ducon Infratechnologies Limited, India's leading Fossil Fuel Clean Technologies Company, has announced that it will provide its proprietary Coal Clean Technology, Fuel Gas Desulphurization (FGD) package for a 2x600 MW FGD package for Singanreni Thermal Power Plant, Stage-I, Telangana, which has been awarded to an EPC company with which Ducon has partnered.

This project was jointly bid by Ducon Technologies Inc. in the United States and a renowned EPC firm in the Indian subcontinent. From concept to commissioning, Ducon will give its FGD implementation expertise to the project.

The deal for Ducon is expected to be worth between Rs150 and Rs200 crore.
