

Flue Gas Desulphurisation at below 500 MW Units [1340 MW] of MTPS Unit - 1 to 6 of DVC with a ticket size of 1106 INR Crores has been developed by DVC.

Flue Gas Desulphurisation at below 500 MW Units [1340 MW] of MTPS Unit - 1 to 6 of DVC is part of the Electricity Generation [Non-Renewable] sub-sector project.

The project is now in the Work in Progress stage and is being developed under the EPC process. It is said that the required land for the project has been acquired.

The project is implemented in West Bengal and is expected to be completed before 30 May 2024.
