

Endurance Technologies commences operation at new plant in
Aurangabad | 1

Endurance Technologies' new plant in Aurangabad, Maharashtra, has started commercial production.

"The plant set up to manufacture braking systems will cater to our respected OEM clients," Endurance stated in its regulatory filing.

Initially, the company planned to manufacture braking systems such as 18 lakh Disc Brake Assembly for two-wheelers and 24 lakh Rotary discs.

Over time, the volumes of both disc brake assemblies and rotating discs will be steadily ramped up to 36,00,000 units per year.
