

Chandigarh Smart City Limited has come up with rehabilitation upgradation of existing sewage treatment plant on design, build and operate Basis in Chandigarh.

The scheme will be taken up under smart city project with a ticket size of Rs 432.6 crore.

This project in sewage collection, treatment & disposal sub-sector involves construction of sewerage treatment plant.

The current status of the project is Work in Progress and is being developed through the EPC route.

The project is expected to be completed by 31 January 2039.
