

Five construction companies submitted bids to build the 37.386-kilometer Package 3 of the 121.786-kilometer Shamli-Ambala Expressway project in Uttar Pradesh and Haryana. The National Highways Authority of India (NHAI) would connect Gogwan Jalalpur village on the 210-kilometer Delhi-Dehradun Expressway with Sadopur village north of Ambala through this six-lane access-controlled route.

K & J Projects Pvt. Ltd. created the project's Detailed Project Report (DPR), and it is a key component of the 450-kilometer Ludhiana-Bareilly Economic Corridor.

Adhoya Musalmana (Chainage 84.400) and Sadopur will be connected by Package 3 in Ambala District. In January 2022, NHAI issued a tender for its contract under the Bharatmala Pariyojana, with a budget of Rs. 769.89 crore and a deadline of 730 days (2 years).
