

DVC has come up with the Flue Gas Desulphurisation System at 2×500 MW Unit-1&2 of DVC KTPS with a ticket size of 624.6 INR Crores.

This project in Electricity Generation [Non-Renewable] sub-sector involves Installation of Flue Gas Desulphurisation System at KTPS 2×500 MW Unit-1&2

The current status of the project is Work in Progress and is being developed through the EPC route.

The implementation of the FGD System will reduce the pollution of the environment of the surrounding area.

Total land area of 9.2 acres has been fully acquired for the project which is implemented at Jharkhand.

The project is expected to be completed before 30 June 2023.
