

Gail is a leading energy company in India, with a long history of providing high-quality energy solutions to its customers. The company is now planning to expand its operations with the development of a new natural gas pipeline in Chhattisgarh. The Mumbai- Nagpur-Jharsuguda Natural Gas Pipeline Project is an ambitious project that will run through several districts in the state, including Khairagarh, Chhuikhadan, Gandai, Rajnandgaon, Durg, Bemetara, Raipur, Balodabazar-Bhatapara, Bilaspur, Korba, and Raigarh. The project involves the construction of a natural gas pipeline that will run for a total distance of 399 kilometers and will have a capacity of 1,65,00,000 M3 /Day. As of February 2023, the company has received consent from the state pollution control authorities to establish the project, and is committed to ensuring that the project is conducted in an environmentally responsible manner.
