

The Warangal facility that generates PET for filament yarns and fibers as well as food-grade packaging features two Starlinger PET recycling lines established by [Ganesha Ecopet Private Limited](#), a division of the pioneer in Indian PET recycling [Ganesha Ecosphere Ltd.](#)

The new Ganesha Ecopet facility in Warangal just launched.

With both of the new Starlinger lines in service, Ganesha's Go Rewrite factory can now produce 40,000 tons of rPET annually. Ganesha Ecopet intends to sell the rPET granulates it produces under the name of its newest brand, Go Rewrite.

Go Rewrite is dedicated to providing the greatest quality rPET goods that are created in a resource-efficient manner, the firm said in a statement. The company was established under the auspices of one of India's leaders in the rPET industry.
