

Ganesha Ecosphere, one of India's major PET bottle recycling enterprises, also launched the initial phase of two projects being built up at KMTP by Telangana Industries Minister KT Rama Rao.

The Ganesha group is spending roughly 350 crore in the production of recycled polyester fibre and yarn, with plans to increase to 550 crore by next year.

The two plants will employ over 1,000 people and use over 60,000 tonnes of PET trash every year.
