

The supply, installation, and commissioning of onshore wind turbines for 218.70 megawatt (MW) wind power projects spanning Tamil Nadu and Madhya Pradesh have been ordered by Continuum Green Energy, according to GE Renewable Energy.

The business will deliver 81 of its onshore 2.7-132 wind turbines. According to a statement from GE Renewable Energy, the orders were placed by Continuum subsidiaries Continuum MP Windfarm Development and Dalavaipuram Renewables.

A contract for GE to provide turbines for Continuum's 148.5 MW Morjar, Bhuj, and 99.9 MW Rajkot wind farms in Gujarat was struck last year, it was said.
