

[Goldy Toys Udyog](#) is an Indian manufacturer of plastic toys and other plastic products. Established in 1986, the company has since expanded its operations to various parts of India and has gained a reputation for producing high-quality and innovative products. With a strong focus on technology and innovation, the company has become a leading player in the plastic products industry. The new PVC granules and injection-moulded items manufacturing project in Anand Parbat, Delhi is expected to further expand the company's capabilities and offerings. With a capacity of 600,000 pieces per month, the project will enable the company to meet the growing demand for its products and strengthen its position in the market. The company's receipt of consent from the state pollution control authorities in February 2023 is a positive development for the project, and it is expected to move forward with construction and production in the near future.
