

Hyderabad-based pharma company [Granules India](#) said it entered into a strategic partnership with Greenko ZeroC to collaborate on green molecule solutions and their wider applications in pharmaceuticals.

Granules and [Greenko ZeroC](#) will develop and promote integrated green pharmaceutical zones (GPZ) in Kakinada of Andhra Pradesh. Granules will build a greenfield facility for large scale manufacturing of key starting materials (KSMs), Intermediates, APIs and fermentation-based products.

The facility will be about 100 acre and will be taken up in phases. The project will see an investment of about Rs 2,000 crore over five years.
