

For the procurement of 300 MW of grid-connected wind generation projects (Phase-IV), Gujarat Urja Vikas Nigam (GUVNL) has released a request for proposals.

There is also a green shoe option for an additional 300 MW. Projects could be established anywhere in the nation in accordance with the tender. The deadline for submitting online bids is November 30, 2022.

With the chosen bidders, GUVNL will sign a power purchase agreement (PPA) that will last 25 years from the project's anticipated start of commercial operation or full commissioning, whichever comes first.
