

Construction engineering firm HG Infra Engineering announced that the North Central Railway in Kanpur had selected it as the lowest bidder for a project.

According to the business, HG Infra offered Rs 655.09 crore for the project, while the North Central Railway projected the cost to be Rs 677.31 crore.

The company announced in an exchange filing that it was “pleased to notify you that HG Infra Engineering Limited has been declared as L-1 bidder by DYCE-C-CNB-ENGINEERING/North Central Railway.”

In accordance with the contract’s requirements, the construction firm will be in charge of the Engineering, Procurement, and Construction (EPC) style redevelopment of the Kanpur Central Railway station in Uttar Pradesh.
