

[Highco Engineers](#) is a company that focuses on the manufacturing of high-quality wires and tubes that are used for various applications in the construction and infrastructure industries. The company is planning to set up a new manufacturing unit in Kalinga Nagar I.E, Jajpur, Odisha. The proposed project involves the establishment of a steel wires and steel tubes manufacturing unit with a capacity of 45000 metric tonnes. The project is estimated to cost Rs.514 million. As of March 2023, the company has received approval from the State Level Single Window Clearance Authority (SLSWCA) of the Govt.of Odisha. The new facility will help the company to meet the growing demand for its products in the market and strengthen its presence in the region.
