

[Himachal Aluminium And Conductors](#) is a company that specializes in cable and conductor manufacturing and is planning to expand its production capacity. The expansion project will be located in G.T. Road Mohtli, Tehsil Indora, Distt. Kangra, Himachal Pradesh. The project will involve increasing the manufacturing capacity of XLPE Cable to 2000 MT, PVC Cable to 5200 MT, and Conductor to 900 MT. This expansion is expected to meet the growing demand for cables and conductors in the region, which will ultimately lead to increased revenue and profitability for the company. The estimated cost of the project is Rs. 25.5 million, which will cover various aspects of the project, including the purchase of new equipment, the hiring of additional staff, and the construction of new facilities to accommodate the increased production capacity. In February 2023, the State Single Window Clearance & Monitoring Authority approved the company's proposal, indicating that the company has met all the necessary requirements to undertake the expansion project. As of March 2023, the project work has commenced
