

The Board of Directors of Indian Sucrose Ltd considered and took note of the expansion of the existing sugar mill plant by achieving the first phase of the target, namely increasing capacity to 9000 TCD from 5000 TCD, which was approved by the Board in their previous board meeting on September 20, 2021.

Furthermore, the Chairman announced that the increase in capacity from 19.5 MW to 40 MW has been approved, that PSCPL's Cogeneration of Power Plant is awaiting Technical Clearance, and that a Molasses-based distillery for the production of Ethanol, as well as Cogeneration of Power Plant, is awaiting Punjab Gov. NOC clearance.
