

ITC plans to open its 20th manufacturing plant in West Bengal, and is now constructing a green building in the Rajarhat district to house its information technology branch, ITC Infotech.

The corporation has invested approximately Rs 4,500 crore in the state over the previous four years, and all of these projects have already been completed. Food processing plants were among them.

The firm plans to build a new state-of-the-art personal care products production plant in Uluberia, Howrah, which will be the company's 20th in the state. This project's land has been purchased, and work is planned to begin soon.
