

[Industrial Technology Consultancy Organisation Tamil Nadu](#) (ITCOT) will prepare the detailed project report (DPR) for the Kings Maritech Eco Park promoted by [Kings Infra Venture Ltd](#). The report covering the financial, ecological, technological, and social impacts of the project is likely to be completed in eight weeks.

Shaji Baby John Chairman and Managing Director of the Kings Infra Venture said the Maritech Eco Park project aims to harness the latest advances in technology for developing eco-friendly and sustainable aquaculture with a substantial increase in the income of farmers. Shaji added: “The Kings Maritech Eco Park is conceived as a system that would provide plug and play facilities to aqua farmers in terms of technology, government schemes, marketing, procurement, and other services”.
