

Jindal Stainless Managing Director Abhyuday Jindal said the 300 MW hybrid project in collaboration with ReNew is anticipated to go into operation over the next 18 months. For the projected 300 Megawatt hybrid energy project, Jindal Stainless Ltd (JSL) and ReNew collaborated in December 2022.

Jindal said to PTI when asked about the project's timing, "We (JSL and ReNew) are on schedule with the agreement. It is a 300 Megawatt project. For the project, land acquisition has already been finished".

He predicted that the project would begin in the following 1.5 years.
