

KP Energy has acquired a Purchase Order worth Rs 52.26 crores for a captive customer's wind power plant in Gujarat. The Project is scheduled to be completed on June 30, 2022.

Due to the readiness of the showel, the company is optimistic about finishing the supply and execution ahead of time.

For its hybrid Power Project, the company has provided a tailored solution best suited to the captive customer by providing essential EPCC services for wind combined with the provision of wind turbines to the customers.

KP Energy is a focused energy company with a strong profile in renewable. The company has achieved phenomenal growth records in the last 7 years in Gujarat state as an EPC player of the Wind Energy sector.
