

The solar power producer announced in a press release on July 5 that it has bagged the biggest order to execute solar power projects of 26.60 MWdc.

The orders are received from M/s Nouveau Jewellery LLP of 23.60 MWdc capacity and from M/s Nouveau Diamonds Manufacturing India LLP of 3MWdc capacity under 'Captive Power Producer (CPP)' segment of the company.

KPI Green Energy provides solar power, both as an independent power producer (IPP) and provides Engineering, Procurement, and Construction (EPC) services to Captive Power producers (CPP) customers. CPP involves developing, transferring, operating & maintaining grid-connected solar power projects on behalf of CPP customers for their captive consumption.
