

Leading laminate manufacturer completes upgradation of manufacturing facility | 1

Greenlam Industries Ltd has previously announced the start of commercial production at the company's laminate manufacturing facility, which is located in the Gujarati village of Oran in the Taluka Prantij and Sabarkantha districts.

The aforementioned industrial facility has undergone the necessary upgrades.

The production capacity of the aforementioned manufacturing facility has been upgraded from its initial installed capacity of 3.4 million laminate sheets per year to 5.4 million laminate sheets per year.

As a result, the total installed capacity of the Company for the manufacture of laminates has increased to 21.02 million sheets per year.

With the increased capacity, the aforementioned manufacturing plant has the potential to produce income of Rs. 250 crore annually when operating at full capacity.
