

Vibrant Energy has awarded a 99-MW wind energy project to Suzlon, a developer of renewable energy solutions.

“Suzlon Group has received an order from Vibrant Energy for 33 wind turbine generators featuring its new 3 MW (each) series with a Hybrid Lattice Tubular tower for a 99 MW wind power project which is expected to be commissioned by FY25,” the statement added.

The company, however, did not disclose the value of the order.

“We are delighted to announce our first order with Vibrant Energy which is a highly respected corporate renewable energy solutions provider. I look forward to a long partnership with Vibrant Energy in the coming years towards building a sustainable India,” J P Chalasani, Chief Executive Officer, Suzlon Group, said.

A project of this size can provide electricity to 307 thousand households and curb 2.92 lakh tonnes of CO2 emissions every year, a company statement said.
