

LARSEN & TOUBRO

The hydrocarbon division of L&T Energy secured three offshore packages from an overseas client for engineering, construction, and installation of various new offshore jacket structures. According to L&T's categorisation, the "big" contract's worth ranges from Rs 2,500 crore to Rs 5,000 crore.

In accordance with the offshore, onshore, construction services, modular fabrication, and advanced value engineering & technology (AdVENT) verticals, the business said that L&T Energy Hydrocarbon (LTEH) is now working on a number of local and foreign offshore projects.

This client's orders have previously been carried out by LTEH. It provides local and foreign customers with complete design-to-build solutions for the hydrocarbon industry.
