

The Government of Odisha has placed a significant order with Larsen & Toubro's Buildings & Factories company to construct clinical blocks and ancillary infrastructure for a state-of-the-art hospital in Cuttack. This EPC project will take 30 months to complete.

The project entails the construction of four clinical blocks (B+G+9 storeys) with composite structural systems and ancillary buildings totaling 3.4 million square feet.

With a total of 2058 beds, the state-of-the-art hospital will cover speciality departments such as neurology, nephrology, endocrinology, gastroenterology, haematology, hepatology, cardiology, surgical blocks, casualty, trauma, and general surgery.
