

The government of Odisha has awarded Larsen & Toubro (L&T) a significant order for its buildings and factories business to develop clinical blocks and linked infrastructure for a state-of-the-art hospital in Cuttack.

This EPC project will take 30 months to complete. The project entails the construction of four clinical blocks (B+G+nine floors) with composite structural systems and ancillary buildings totaling 3.4 million square feet.

With a total of 2,058 beds, the state-of-the-art hospital will cover specialty departments such neurology, nephrology, endocrinology, gastroenterology, haematology, hepatology, cardiology, surgical blocks, casualty, trauma, and general surgery.
