

Mega manufacturing unit for hearables, wearables and IoT devices
inaugurated in Noida | 1

A massive manufacturing facility for hearables, wearables, and IoT devices has opened in Noida.

Following the acquisition of the land for the world's biggest robot manufacturing plant, Uttar Pradesh's Noida city now has a mammoth production facility for hearables, wearables, and IoT devices, which was launched by Rajeev Chandrasekhar, Minister of State for [Electronics](#) and IT.

Zetwerk Group Company has commissioned a new state-of-the-art production plant with the goal of producing 10 million gadgets per year.

The plant, which covers 50,000 square feet, has 16 manufacturing lines, modern testers, and a world-class innovation centre for product development. The factory was designed to generate ODMs (Original Design Manufacturers) in hearables, wearables, and IoT devices with the goal of increasing India's manufacturing skills in the smart technology field.
