

According to a release, MG Motor India has partnered with CleanMax to become the first passenger car company to use wind-solar hybrid energy. Clean Max Enviro Energy Solutions (CleanMax) will provide 4.85 MW of wind-solar hybrid power to MG Motor's Halol manufacturing facility as part of the agreement. A statement said, 'With this partnership, MG will abate approximately 2 lakh MT of CO2 over 15 years which is equal to planting more than 13 lakh trees.'
