

Prime Minister Narendra Modi inaugurated Asia's largest Bio-CNG plant, the Gobar-Dhan plant, near Indore.

Addressing the event virtually, Modi said the Bio-CNG plant's project is "extremely essential" because the wet waste produced from dwellings, animals, and crops in villages is "in a way Gobar Dhan."

"In the coming two years, work is being done to build such Gobar-Dhan Bio-CNG plants in 75 major municipal bodies of the country. This campaign will go a long way in making India's cities clean, pollution-free, clean energy," the Prime Minister said.

The inauguration event was attended by Madhya Pradesh Chief Minister Shivraj Singh Chouhan and Union Minister Hardeep Singh Puri.
