

Nagar Palika Parishad is a company planning to establish a common solid waste management facility in Village Saliyar, Roorkee, Uttarakhand. The project involves the construction of a facility with a capacity of managing 76285 tonnes of waste per annum, with an estimated cost of Rs. 151.197 million. The construction is set to begin in May 2023 and end by July 2024. As of March 2023, the company has submitted its proposal and Terms of Reference (ToR) to the Ministry of Environment and Forests for clearance. The project will commence only after obtaining the final environment clearance and state pollution control board's consent. Roorkee Cluster is a company based in Uttarakhand, India, that focuses on providing sustainable waste management solutions to various sectors. The company aims to implement eco-friendly practices and techniques to minimize the impact of waste on the environment and promote a cleaner, healthier future.
