

- **S.B. Polychem** is planning to take up new formaldehyde manufacturing unit in RIICO Industrial Area, Bhiwadi, Alwar, Rajasthan. The project involves setting up up formaldehyde manufacturing unit with capacity 70 MTPD. The estimated cost of the project is Rs.22 million. As of January 2021, environment clearance for the project is underway.
- **Globe Panel Industries (Unit-7)** is planning to take up new formaldehyde manufacturing unit in Industrial area, Yamunanagar, Haryana. The project involves setting up formaldehyde with capacity 150 MT/Day. The estimated cost of the project is Rs.63.3 million. As of January 2021, environment clearance for the project is underway.
- **Subham Polychem** is planning to take up formaldehyde expansion Project in Goyala, Pargana- Mohana, Tal. Baksi Ka Talab, Deva Road, Lucknow, Uttar Pradesh. The project involves expanding the manufacturing capacity of formaldehyde from 2100 TPM to 7500 TPM. The estimated cost of the project is Rs.9.8 million. As of January 2021, environment clearance for the project is underway.
- **Salasar Industries** is planning to take up new formaldehyde manufacturing unit in Phase II, Industrial Estate Manakpur, Jagadhri, Yamuna Nagar, Haryana. The project involves setting up manufacturing unit for Formaldehyde with capacity 160 MT/Day. The estimated cost of the project is Rs.50.2 million. As of March 2021, environment clearance for the project is underway.
- **Apolite Polymers** is planning to take up new formaldehyde manufacturing unit in Ghespur, Radaur, Yamuna Nagar, Haryana. The project involves setting up new unit for manufacturing

of formaldehyde with a capacity of 130 TPD. The estimated cost of the project is Rs.27.4 million. As of April 2021, environment clearance for the project is underway.

- **D. C. Industries** is planning to take up formaldehyde manufacturing unit expansion project in RIICO Industrial Area, Khushkhera, Tehsil- Tijara, Alwar, Rajasthan. The project involves expansion of Formaldehyde Manufacturing Unit in existing facility from 40 TPD to 150 TPD. The estimated cost of the project is Rs.28.3 million. As of April 2021, environment clearance for the project is underway.
- **G.B. Overseas** is planning to take up formaldehyde manufacturing unit expansion project in V.P.O. Rohad, Jhajjar, Haryana. The project involves expansion of formaldehyde manufacturing unit in existing facility from 80 TPD to 250 TPD. The estimated cost of the project is Rs.40 million. As of April 2021, environment clearance for the project is underway.
- **JRS Industries** is planning to take up new formaldehyde manufacturing unit in Kohand, Tehsil - Gharaunda, Karnal, Haryana. The project involves manufacturing of formaldehyde with capacity 80 MT/Day. The estimated cost of the project is Rs.32.5 million. As of April 2021, environment clearance for the project is underway.
