

In Amod, Gujarat, Tenax Pidilite Pvt Ltd and Pidilite Litokol Pvt Ltd, two joint ventures of Pidilite Industries Ltd, have announced the opening of their manufacturing facilities. As part of the Joint Venture, Litokol SPA Italy and Tenax SPA Italy delivered technologies to Pidilite.

The new production facilities are fully automated and cover an area of 27,000 square feet for Litokol and 21,000 square feet for Tenax, respectively.

In order to market and sell epoxy, urethane grout, and specific epoxy adhesives for tile application in the case of Pidilite Litokol Private Limited, and stone care range products in the case of Tenax Pidilite India Private Limited, Pidilite will be utilising its distribution network. Tenax offers product solutions for the installation and upkeep of marble and granite stones. These products provide a seamless finish and long-lasting luster and shine to marble and granite, the company claims in a statement.

Litokol's Starlike range of quartz-based technology epoxy grouts are stain-proof, nonabsorbent, and highly suitable for both interior and exterior floor and wall applications, even in severe operating conditions.
