The project involves development of 40 nos. appraisal wells, 372 nos. development/production wells for drilling & testing and setting up of four nos. gas producing and processing facilities of 65 mmscf/d (including four Co2 removal facility (amine plant)) in the SSG & SSF Field in Block RJ-ON/6. The estimated cost of the project is Rs.110500 million. As of January 2020, environment clearance for the project is underway.
- **Oil and Natural Gas Corporation** is planning to take up new onshore exploration project in

[Son Valley, Vindhyan Basin, Damoh, Madhya Pradesh](#). The project involves onshore exploration and development of oil and gas from 7 wells in NELP-VIII Block VN-ONN-2009/3. The estimated cost of the project is Rs.6160 million. As of January 2020, environment clearance for the project is underway.

- [Oil India is planning to take up new onshore oil & gas exploration project in Tezu Circle, Lohit, Arunachal Pradesh](#). The project involves exploration of oil and gas, development and production in OALP-I Block: AA-ONHP-2017/13. The estimated cost of the project is Rs.600 million. As of January 2020, environment clearance for the project is underway.
- [Oil India is planning to take up new onshore oil & gas exploration project in Tezu Circle, Lohit, Arunachal Pradesh](#). The project involves exploration of oil and gas, development and production in OALP-I Block: AA-ONHP-2017/13. The estimated cost of the project is Rs.600 million. As of January 2020, environment clearance for the project is underway.
- [Oil and Natural Gas Corporation is planning to take up new oil and gas exploration project in Andhra Pradesh](#). The project involves exploration of oil and gas from onshore and offshore locations. The estimated cost of the project is Rs.780000 million. This includes Rs.680000 million for offshore projects and Rs.100000 million in Onshore projects. As of February 2020, pre project activities are going on.
- [Vedanta is planning to take up new onshore oil and gas production project in Makulavaripalem Village; Muvva Mandal, Krishna, Andhra Pradesh](#) . The project involves involves two major activities as 1.Drilling of 35 hydrocarbon wells – This area will be limited to the well pad location. Each well pad will be of size maximum 300 m \* 300 m (say 9 hectare each). 2. Production up to 30,000 Barrels of Oil per Day (BOPD) and 30 Million Metric Standard Cubic Feet (MMSCFD) of gas through development of 10 no. of hydrocarbon processing facilities (well pads). The estimated cost of the project is Rs.6500 million. As of February 2020, environment clearance for the project is underway.
- [Oil and Natural Gas Corporation is planning to take up a new oil and gas exploration project in Seetharamapuram \(V\), Narsapuram \(M\), West Godavari, Andhra Pradesh](#). The project involves exploratory drilling of well for Oil & Gas with capacity 50,000 m<sup>3</sup>/day. The project is estimated to cost Rs.910 million. As of February 2020, the company has received consent from the state pollution control authorities to establish the project.
